Rosen Classroom, United States, 2010. Hardback. Condition: New. Illustrated. Language: English. Brand new Book. Math for the REAL World is a program of leveled readers that integrate math, reading, and language. Each book addresses one of the NCTM focal points and connects the math to its real-life context. Each kit touches on the five strands of mathematics: ? Number sense, properties, and operations ? Measurement ? Geometry and spatial sense ? Data analysis, statistics, and probability ? Algebra and functions Because Math for the REAL World leveled books connect computation and calculation to real-life concepts and applications, they address many important Science and Social Studies standards, as well as the academic language of Math and the content areas.
